

Judge Orr Repudiated.
The Anderson *Intelligencer*, the Keowee *Courier*, the Abbeville *Press and Banner*, the Greenville *Enterprise*, the Laurensville *Herald*, to say nothing of other journals more removed from the seat of Judge Orr's supposed strength, all repudiate his recent letter and its extraordinary sentiments. The people that formerly stood by Judge Orr, stand by him no longer. His political influence in the up-country is gone.

The Reform canvass continues to be actively prosecuted. Since the meeting here, large gatherings have been addressed at Winnsboro, Chester, Mount Carmel, Yorkville, Rock Hill and the other appointments, as laid down, are promptly met as they roll round. The Reform candidates and other speakers are doing their duty, and their whole duty.

We observe that our friend Col. McKissick is in the field, as the Union Reform candidate for Congress in the Fourth Congressional District. Col. McKissick is a genuine Carolinian and a man of fine judgment and earnest character. He will, we hope and believe, be triumphantly elected.

RAILROAD ACCIDENT.—A diabolical attempt at wholesale murder was made on last Tuesday night, near Leno's Turn-out, on the North-eastern Railroad. Some fiend, worthy of being made a Scott constable, placed two heavy bars of iron across the track when the up-passenger train was coming. The night being very dark, they escaped the notice of the engineer, and the engine, "Daniel Ravenel," one of the finest passenger locomotives in the State, was thrown from the track and badly injured. Two cars were also smashed; yet, wonderful to relate, no one was hurt. The perpetrator has not yet been caught, but search is being made for a party who are suspected. —*Charleston News.*

TIN-POT ALLEY.—This is the headquarters of radicalism in our small town. Joseph Crews, (white,) has a Trial Justice's office in that quarter, while Wade Perrin, (colored,) deals in small wares. Both are members of the Legislature, and Wade a tenant of Joe. On Monday last, upon some misunderstanding, they mutually charged each other with "seeing light" while representing Laurens in the House of Representatives. Upon this they fell together by the ears, when Harry Madden, a friend of the darkest hue, came between and prevented serious damage. Joe displayed a six shooter, and Perrin paraded a similar bloody-minded instrument. —*Laurensville Herald.*

THE RADICAL MOB.—On Tuesday night last, a crowd of some thirty or forty radicals, (colored,) mobbed and beat an old colored man, who at the last election voted the Democratic ticket. With no officials in this community, except Scott's Magistrates and Constabulary, there is no protection against the mob. God gives to all men the right of self-defense. It is the part of manhood and wisdom that our people should be well prepared to protect themselves, their families and their firesides. The radical minions of Scott have instructed the radicals to maltreat all their color, who choose to think for themselves. —*Laurensville Herald.*

OUR CROPS.—Cotton and corn in this County are looking as well as those crops have for many years. We have examined a number of cotton fields, and are pleased to notice that, generally, the cotton stalks have a larger number of sound bolls than we ever saw in this State. We, however, regret to state that the caterpillar has made its appearance, and much apprehension is felt about it. At present, no mischief has been done by these marauders, but the fact that they have perceptibly increased in numbers during the past week, give ground for alarm. So far as we have heard, they have not made their appearance on more than two plantations. —*Union Times.*

THE GUNS HAVE COME.—Six boxes of guns and two of accoutrements, for the "lot" militia, arrived at our depot last Saturday, and five boxes of guns were left at Fish Dam on the same day. Whether they are the Winchester rifles or not, we cannot say, but presume they are only the old style muskets, that kill from the muzzle and at the stock when they are fired, as the boxes are marked "repaired in 1868."

We hope Captain Reed will have more sense and decency than his whiter-skinned neighbor, Crews, and keep his command under better discipline. —*Union Times.*

DWELLING HOUSE BURNED.—The dwelling house of Mr. John R. Finley, residing on Rabun Creek, was burnt on the night of Friday last.

Not an article of furniture or clothing of Mr. Finley or family was saved, the household supplies also being consumed.

The origin of the fire is unknown, but supposed to have arisen from a cooking-stove pipe.

Mr. F. has the sympathy of the entire community in his serious loss. —*Laurensville Herald.*

Persuasion is better than force. When a Chinaman has anything heavy to carry he does it by means of bamboo-sling.

A friend at a pinch. One who shares his snuff-box with you.

Notice.
The citizens in Ward No. 1, favorable to the Union Reform Party, will meet at the hall of the Independent Fire Company, at 8 o'clock, on Monday evening next. Those in Ward No. 2, on Tuesday evening, at the same place and hour. Ward No. 3, at Palmetto Engine House, on Wednesday, same hour. Ward No. 4, on Thursday evening, at the same place and hour.

Will the citizens of Richland wake up and do their duty, or will they continue inactive and slumber until our liberties are gone? Every man has a duty to perform in this contest, but many make excuses from taking part, fearing they may lose the patronage of certain moneyed Republicans. Others fear they will lose their positions. To both classes we would say, if the issue goes against us, your hold upon office, place and power will be short. **REFORM.**

The City Water Works.
Mr. Editor: It is generally known that the City Council have entered into an agreement with Mr. Sprague's agent to give him \$16,000 per annum, for twenty years, for supplying water, and as the present cost of a sufficient supply is but \$8,000, it will be seen that any citizen paying \$5 a year will now have to pay \$10, and so on in proportion; and judging from the bungling terms of the contract, the city stands a first-rate chance to lose the whole amount of the cost of her Water Works.

This is but the commencement of iniquitous city legislation and, if quietly borne, will check all improvements of city property and drive capitalists to more favored places. **CITIZEN.**

Instructions from State Executive Committee.

The Executive Committee of the Union Reform party beg leave to report the following plan of organization for each County, and urge its immediate adoption. You are charged with naming the central executive committee residing at the Court House, and we suggest that you name some of either color, if practical, and not let your committee be too large:

1. This committee must immediately appoint a sub-committee for each township, beat, or some other practicable division.
 2. Each sub-committee should proceed at once to organize its section into clubs or societies.
 3. Each club or society should appoint an active, intelligent man to make a list of every voter in his township or section, with his political proclivities opposite his name.
 4. These lists should be forwarded to the central committee at the Court House, and consolidated, each club keeping a copy.
 5. Every man favorable to the reform movement should be assigned the duty of influencing one or more votes, and take charge of them on the day of election, and see that they reach the polls, or remain away if unfavorable; and when the voters have no transportation, see that it is provided.
 6. On the day of election, two or three discreet and intelligent men should be assigned by the central executive committee to go to each election precinct, with a list of the voters alphabetically made out, and keep an account of the voters and challenge illegal voters.
- J. B. KERSHAW, Chairman.
E. W. SEIBLES, Secretary.

ARMED BANDS.—On last Saturday, a large body of armed negro militia from this point, Clinton and Martin's depot, marched through the country to Jack's old field, a rendezvous of a local militia company. The pretext of this long march was, that the white men would on that day drive the local militia from its muster-ground.

Joe Crews and a number of the Scott Constabulary, led the company from this quarter. About 1,000 armed men were marching on Friday night and Saturday, to this point. Old citizens, sixty and seventy years old, were cursed and insulted by the militia as they passed their residences. In one case a lady was cursed and told that her husband should be shot.

These marchings and counter-marchings of armed men through the country will lead to bad results. If the negroes want to muster, let them drill at their own muster-ground, and then disperse. Colored men should have better sense than to be amused and fooled by their miserable white leaders, who will eventually bring trouble on the country. —*Laurensville Herald.*

SOUTHERN COMMERCIAL CONVENTION.—Ex-President Fillmore, President, and Charles M. Thurston, Secretary, have issued the following call for the Southern Commercial Convention, to convene in Cincinnati, Ohio, on Tuesday, the 4th of October next:

In conformity with the resolve of the Southern Commercial Convention, at the meeting held in Louisville, Ky., October 12, 1869, the annual session of the Convention will be held at Cincinnati, Ohio, commencing Tuesday, October 4, 1870. Commercial bodies, municipal and other corporations, and all other interests entitled to representation in the Convention, are requested to appoint delegates in accordance with the basis of representation, adopted at the session of the Convention held at Memphis, Tenn., May 18, 1869.

MILLARD FILLMORE, Pres't.
CHARLES M. THURSTON, Secretary.
The Knoxville *Whig* says East Tennessee has raised this year 5,000,000 bushels of wheat, and will have a surplus of 3,000,000 bushels for sale. More than has been raised in that section for twenty years.

MYSTERIOUS DISAPPEARANCE.—Mrs. Vanderhorst, of South Carolina, (says the Baltimore *Sun*, of Wednesday,) mysteriously disappeared from the side of her friend, Mrs. General Wayne, while on their way to Saratoga Springs, a few days ago, and has not since been heard from, although detectives have made a thorough search at every point of the road where they could hope to find a clue to her whereabouts. —*Charleston Courier.*

Love and hunger are both powerful persuaders, and often make a man do what, under other circumstances, he would not. There is nothing like love and hunger, to drive a man mad or make him happy. "Next to a feast upon a seventeen-year old pair of sweet lips under a grapevine, by moonlight," says a quaint writer "is a foray upon a platter of cold beans after fishing for suckers all day. The one fills the poetic heart, and the other a hungry stomach." That's the practical view of the subject.

A San Francisco journal characterizes the death of the Living Skeleton as a swindle on the worms.

A SHOOTING AFFRAY AT JONESVILLE.
A difficulty occurred at Jonesville, on Monday last, between William Fowler and John Puckett, in which the latter was shot in the shoulder. The wound is severe, but not considered dangerous. The details of the difficulty, as reported to us, are conflicting, consequently, we prefer not to give them. [Unionville Times.]

Among the novelties at the present Workmen's International Exhibition in London is a new shirt-stud called the "Crescent." By the simple process of cutting a crescent-shaped piece out of the lower half the stud the fastening is rendered as easy as an ordinary button.

THE attention of the reader is respectfully invited to the advertisement of Bradfield & Co., in another column. They are undoubtedly selling the best remedies out of the diseases they are recommended for. BRADFIELD'S FEMALE REGULATOR and Dr. PRUPHITT'S CELEBRATED LIVER MEDICINE, has certainly cured more afflicted persons than any two medicines of their age. Try them and be well, as these gentlemen guarantee satisfaction or money refunded. A 7

Unless the food, after passing into the stomach, is thoroughly digested, both body and mind suffer. The digestive organs are oppressed, the bowels constipated or irregular, the brain lethargic, the nervous system unnaturally sensitive, the animal spirit depressed and the pulse unequal, heart-burn, flatulency and sick headache are also some of the results of indigestion. Therefore, how necessary must it appear to the candid reader that the digestive organs should be kept in proper tone to perform the functions nature requires of them. For this purpose, no better or more palatable preparation is in existence than LIPPMAN'S GREAT GERMAN BITTERS. A 21 12

A BEAUTIFUL THOUGHT.—It may be truthfully said that the greatest of all blessings is health; for without it the joys vouchsafed are turned to sorrows. To all health is essential for life's enjoyment and pursuits, to the young and old, to the rich and poor. Are you in search of wealth? Health is necessary. Do you desire office and worldly honors? Of what avail would these be without health? The beauties of spring, the song of birds, the deep blue sky, the rolling ocean, all have a poetic fascination which charms only the healthy in mind and body; but to the sick what are these but mockeries. The body diseased, the mind sickly, with the saddest of thoughts. Oh! that I may live to appreciate the blessings of health. This rich boon is within the reach of all. The remedy at hand in HEINITSH'S QUEEN'S DELIGHT, the health panacea. Now is the time to try it. A 2

To the Republican Voters of Richland County.

THE following candidates for County Officers of Richland are respectfully submitted to the people for their consideration. Believing that the masses are opposed to the action of the (so-called) County Convention, held in Columbia on the 22d, 23d July, the same being not legal; and that while they heartily support the nomination by the Convention of R. K. Scott, for Governor, and A. J. Ransier, for Lieutenant-Governor, as well as the selection of R. B. Elliott, for the Third Congressional District, yet they feel it as an usurpation of power by the said (so-called) Convention, in their having made any County nominations, and that they are not disposed to be dictated to by any clique or ring, who may assume such power for their own aggrandizement; and as they also believe in the Republican principle of rotation in office.

OUR TICKET.
For Governor, ROBERT K. SCOTT.
For Lieutenant-Governor, ALONZO J. RANSIER.
For Congress—Third District, ROBERT B. ELLIOTT.
For Senate, REV. DAVID PICKETT.

Representatives, HENRY DOBBINS, WILLIAM MISHAW, JAMES GOODWIN, S. KRAFT.
Probate Judge, JOHN HEART.
School Commissioner, G. WADDLETON.
County Commissioners, N. THOMSON, ALFRED GOODWIN, PAUL SIMMS.

RURAL CAROLINIAN, VOL. I.—The September number, just received, closes the first volume of *The Rural Carolinian*, and confirms the claim, so handsomely maintained throughout the volume, of being a leading agricultural magazine. The first number, which appeared in October last, was a sensation; but each number since has been so valuable, that we look for the appearance of the *Rural* now as one of the important literary events of the month.

In the September number attention is at once attracted by a variety of novel and interesting articles, such as Farm Life in Brazil, Sugar Farming, Wine Country, and Cabbage Insects. The latter is especially valuable, as it is thoroughly illustrated, and conveys practical information in a practical manner. We congratulate *The Rural Carolinian* on its great success.

THE SECRET OF SUCCESS.—The experience of all who have had to fight the battle of life, and who stand upon victorious vantage ground, is, that success which will stand the test of time is, for the most part, achieved by integrity and punctual attention to business. These qualities get ahead of genius and talent in the race of life. We notice in one of our most valued exchanges that mention is made of a young man slow of speech, rather dull of apprehension, and not enterprising in the way of business, who with difficulty obtained an under situation at a first-class business house. The clerk was industrious, constant, faithful and unflinchingly honest. His work was never too heavy, the hours of labor never too long, and his task never too humiliating. To-day that once plodding clerk is a pillar of strength in his employer's house, and more trusted and beloved than any other employee. Smartness is a good thing; grace and aptness are admirable characteristics; facilities for turning off work rapidly is excellent in its way; but downright, old-fashioned honesty of purpose, with plain straight-forward old-fashioned industry, will make the strongest mark in the lapse of years.
